MESSAGE:

Gerard

Sorry I cannot join you on the 19th, but as Keith probably told you I must be in Budapest for an ETS session on that day at the Toxicology Forum European meetings. Helmut Galsch will also be there, along with two of our consultants and several scientists nominated by Dr. Adlkofer. It promises to be a useful session.

I have been discussing various EPA-related steps with John Dollisson, but Keith will be able to bring you up-to-date. Indeed, we shall try to take a poke at EPA at Budapest if the meeting seems appropriate for it.

Regards.
